Navori SA Announces the Opening of a New Office in Montreal, Canada to Service its North American Customers

LAUSANNE — November 16, 2009 — Today, Navori SA announced the opening of a new office to be located in Montreal, Canada. This office will be called Navori Canada Inc. and will service customers across Canada and the United States. Shawn Rozansky will oversee the operations of this office with the main objective of growing the North American market by providing the ultimate customer service experience through a local presence.

“The opening of our North American office demonstrates Navori’s commitment to this very important market.” said Jerome Moeri, Chairman of Navori SA. “Over the past 5 years, Navori has seen its revenues increase an average of 60% per year, which is double the market rate and we remain very optimistic about the future.”

A proven digital signage solution

The Navori digital signage software platform is used for all types of screen based communications: Advertising networks, retail applications, corporate communications, public space signage, wayfinding, fast food menu boards and much more. Since 1997, Navori has focused all its resources on the development and marketing of professional digital signage software applications. Navori is a Swiss Company, with its Head Office in Lausanne, Switzerland.
