

# NAVORI CONTROLLER 5

Take your Screen-Based Communications to the Next Level with Navori

NAVORI  
International SA

## NAVORI® CONTROLLER

is the easiest digital signage application on the market. Manage and schedule your multimedia files or external video feeds then play it all back on a single PC with dual video output.

### APPLICATIONS

Navori Controller is ideal for...

- Retail and banking displays
- Call centers
- Corporate offices and lobbies
- Schools, Colleges and Universities
- Government
- Hospitality

**Publish any multimedia content on a single PC. Display announcements, sales presentations or real-time sales statistics.**

**All popular media types are supported.**

Navori lets you communicate with your audience effectively and reliably.

### BE MORE PRODUCTIVE!

Navori Controller offers unprecedented ease of use so you can be productive right from the start. With its intuitive user interface and logical workflow, anyone can become a digital signage expert using Controller.

No specific technical background is required to manage multimedia content quickly and effectively. Achieve professional results using the tools you already know. Navori Controller supports most popular multimedia formats including PowerPoint 2007.

**Navori Controller lets you reach your audience like never before.**

### SUPPORTS POPULAR MEDIA FORMATS

**Create modular and flexible playlists that you can launch with one click.**

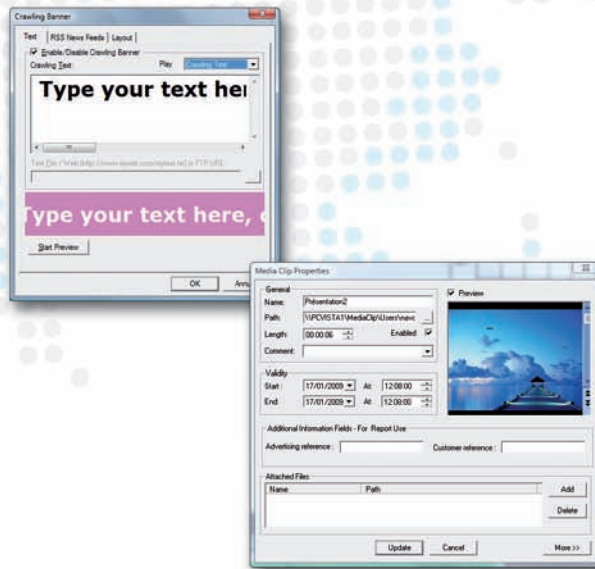

**Display multiple media on screen simultaneously using our Mosaic feature.**

Supported media formats are:

- Adobe Director® MX, Shockwave® 8.5 and Flash
- Microsoft PowerPoint® 2007
- Video: MPEG layer 1, 2 and 4, Windows® Media SD and HD, DivX, QuickTime®7 SD and HD, FLV
- Audio: WAV, WMA, MP3
- Streaming: MMS and ASF
- IP and on-demand TV
- Images: BMP, GIF, JPEG
- HTML and all inferred functionalities\*
- DVD-Video playback, TV-Tuner and DirectX based input feeds\*\*.

## NAVORI CONTROLLER SUPPORTS:

- Arabic
- English
- French
- German
- Polish
- Spanish

## CONTENT MANAGEMENT

Navori Controller lets you manage your content in a single media library.

You can mix content from the media library to create one or more playlists then display your programming on the Navori Player.

Navori offers the most flexible content management system on the market.

## NAVORI PLAYER FEATURES

Navori® Crawling Banner displays text entered manually, external text files and RSS data from public sources.

Navori also supports custom Flash banners that you can either display as a background element to a Navori Banner or display on its own. All Flash functionality is retained.

For example, if your Flash code retrieves and displays live XML data, it will be fully supported when played back in Navori.

Navori® Mosaic™ lets you display multiple media clips on screen simultaneously. Go from full screen media to multi-zoned content quickly and easily. Zoned content can either be individual media clips or complete playlists.

Ability to update in background without affecting playback.

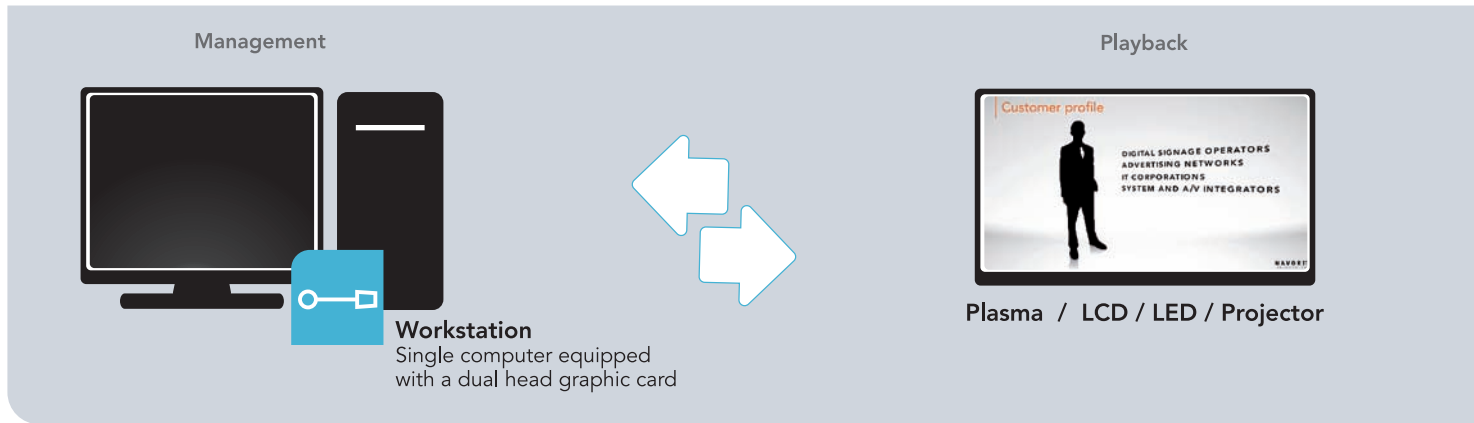

Stable and reliable playback, 24/7.

\* ALL ONLINE FEATURES/SERVICES REQUIRE INTERNET ACCESS WITH A MINIMUM 128 Kbps CONNECTION SPEED [ISDN/XDSL, T1, T3]

\*\* ALL DVD/SPECIAL FX/EXTERNAL SOURCE FEATURES REQUIRE DIRECTX 9.0 OR LATER AND SPECIFIC CODEC FOR PLAYBACK. USE HARDWARE 3D ACCELERATOR [IF ANY]. THIS WILL IMPROVE PERFORMANCE AND OUTPUT QUALITY.

## COMMUNICATION SCHEMATIC

Navori Controller is a single PC solution. Both the Edit and Player modules reside on the same PC so you can import content, create and manage playlists, schedule and playback all on a single computer. You can display your content on one or more screens (multi-head video card required).

## MINIMUM SYSTEM REQUIREMENTS:

- Microsoft Windows 7, Vista and XP (all versions, 32 and 64 bit supported).
- Intel Pentium CoreDuo Processor.
- 1 Gb RAM, 7200 RPM Hard Drive with 300 Mb free space.
- DirectX compatible, accelerated video card.
- DirectSound compatible audio card.
- Windows Media Player v11.
- Internet Explorer 6 or more recent.

## OPTIONAL MODULES

**Navori HD TV-Tuner Module** – Enables Navori applications to display HD TV content (requires compatible DirectX TV Tuner card).
